## Electrical Distribution Safety

### Update: New Auditors Approved

Ontario Regulation 22/04, Section 13 requires every distributor to engage an auditor to conduct an annual audit of the distributor's compliance with sections 4,5,6,7 and 8 and to prepare an audit report. The distributor shall engage an audit organization that is accredited by the Standards Council of Canada to register quality management systems whose scope of accreditation includes engineering services, construction and electricity supply or an organization acceptable to the Electrical Safety Authority.

The Electrical Safety Authority has reviewed and approved the applications of the following auditors and has found them qualified to conduct audits under Ontario Regulation 22/04.
